# Offering **HOPE** for Single Mothers who are in financial need as they battle breast cancer

## Brevard County Residents have joined forces to help local single mothers fight their battle against Breast Cancer.

**H**ope for a Single Mom began in 2010 when Denise More was diagnosed with Breast Cancer. Denise was a single mother working full time upon her diagnosis. To battle the disease, Denise had to undergo a double mastectomy with reconstructive surgery which required many weeks of recovery; and time off of work resulting in lost income. During Denise's battle, her sister Donna Sullivan took over her finances and was shocked to learn how hard it was to get the bill collectors to work with her on getting her sisters bills paid. "I had never thought about it before until it hit me in my own back yard. When a single mom is diagnosed, she is often the only one bringing income into the home."

Donna teamed up with the women of her Mary Kay unit selling "lots of lipsticks" and donating part of the profits to help Denise keep her home and her car. When others in Brevard caught wind of this, they started stepping up and asking how they could help. Banning together as a community, over \$5000 was raised and was presented to Denise at the Melting Pot in a ceremony where the money was counted directly into her hand. Denise said, "it was the most unbelievable feeling to know others cared enough to help me with my bills," and she vowed to her sister to beat her cancer and pay it forward to another local single mom. Hope For a Single Mom was born. Since 2011 we have raised over \$100,000 to help women here in Brevard!

The past HOPE recipients are already hard at work, with an even larger team of Brevard friends and business, to pay it forward in 2015. The goal is to help not just one, but several single moms. This year, Fran Cosmo, former singer of BOSTON will be joining us on May 30th performing his hit songs like, More Than A Feeling, Don't Look Back, and Peace of Mind. This benefit concert will be held at the home of former Senator Michael Haridopolos and wife Stephanie Haridopolos, MD.
