Medical Research at Florida Tech

Join Dr. Kenia Nunes, MS, PhD, Vascular Biologist, at the BIMDA Conference for an insightful session about the possibilities of performing Medical Research at Florida Tech. This talk will briefly introduce a few ongoing medical research projects funded by the NIH, aiming to expand collaboration between our experts and clinicians in Brevard.

Saturday, April 5, 2025
9:30 to 10 a.m.

BIMDA Conference
Hilton Rialto
200 Rialto Place, Melbourne, FL 32901

About Dr. Nunes

Dr. Nunes is an associate professor, program chair, and Florida Tech scientist with vascular dysfunction expertise. She earned her master's in pharmacology from a Federal University in Brazil and her doctorate in Human Physiology. She specialized in vascular dysfunction and associated diseases such as hypertension and diabetes at the Medical College of Georgia, USA. Before joining Florida Tech, she developed cardiovascular research at the School of Medicine, University of Wisconsin, Madison. She has authored many book chapters and over 50 peer-reviewed publications. NASA, NIH, and AHA have funded her research.

Don't miss this opportunity to learn about our medical research projects and get engaged to benefit our community.

Parrish Healthcare Proudly Presents:

Clinical Review of Measles & Measles Vaccine

Join Dr. Nimesh Naik, a leading infectious disease doctor at Parrish Healthcare, for an informative discussion on measles and the importance of vaccination. With rising cases across the country, understanding the risks, symptoms and preventative measures is more crucial than ever.

About Dr. Naik

Nimesh H. Naik, MD, is a graduate of the University of Zambia, Lusaka, Zambia, and completed Infectious Disease training at State University of New York (SUNY) Buffalo. Dr. Naik was named a Fellow by the Infectious Diseases Society of America (ISDA) in 2023. His particular areas of interest are Actinomycosis, HIV/AIDS, Hepatitis viral infections as well as bone and joint infections.

Saturday, April 5, 2025
10:00 - 10:30AM

BIMDA Conference

Healing Families—Healing Communities®

BIMDA is pleased to present: AI in Medicine

***by Summerpal Kahlon, MD, MS
Healthcare Executive in Technology***

DR. SUMMERPAL KAHLON

Vice President

Summerpal Kahlon, MD, MS has held numerous positions in healthcare and health information technology fields encompassing strategy and business development, innovation, services, operations, and executive leadership at multi-billion dollar-revenue organizations including McKesson, Oracle, Steward Health Care, and Change Healthcare (now UnitedHealth Group/Optum). He has a history of product conception, development, launch, and growth across the spectrum of healthcare.

In addition, he has served on a number of boards and committees for non-profit groups, professional societies, trade associations, standards bodies, and government entities over the years.

He is board certified in internal medicine and infectious diseases, continuing to practice medicine locally in Florida with the Veterans Health Administration. A graduate of Case Western Reserve University, the University of Alabama School of Medicine, and University of Central Florida, Dr. Kahlon holds degrees in economics, medicine, and health informatics while actively pursuing new knowledge as an avowed lifelong learner.

April 5 | 10:30 AM - 11 AM

Radiation Oncology for Non-Oncologists Lecture.

Join Dr. Jaymin Jhaveri, MD, MS, Radiation Oncologist, at the BIMDA Conference for an insightful session on Radiation Oncology for Non-Oncologists. This talk is designed for healthcare professionals who want to expand their understanding of radiation therapy and its role in patient care.

Saturday, April 5, 2025
11 to 11:45 a.m.

BIMDA Conference
Hilton Rialto
200 Rialto Place, Melbourne, FL 32901

About Dr. Jhaveri

Dr. Jhaveri is a board-certified Radiation Oncologist with a background in medical physics. He earned his bachelor's and master's degrees in physics and medical physics from the University of Florida, followed by his Doctor of Medicine from the University of Miami. He completed his radiation oncology residency at Emory University, where he served as chief resident and was recognized with multiple awards for his contributions to oncology research.

Don't miss this opportunity to gain valuable knowledge about your patient's care.

Parrish Healthcare Proudly Presents:

Pulsed Field Ablation (PFA) for AFib

Join Dr. Ajit Janardhan, a board-certified cardiologist and cardiac electrophysiologist for an insightful conversation on Pulsed Field Ablation (PFA), a groundbreaking advancement in cardiac care for the treatment of atrial fibrillation (AFib). Dr. Janardhan will explain how it works, its benefits over traditional treatments and what it means for the future of heart health.

About Dr. Janardhan

Ajit Janardhan, MD, PhD, is board certified in internal medicine, cardiovascular diseases and clinical cardiac electrophysiology. He is well-known for his expertise in heart rhythm disorders and actively involved in cardiac research. Dr. Janardhan earned his medical degree from Stony Brook University School of Medicine in Stony Brook, New York.

FMA
FLORIDA MEDICAL ASSOCIATION

**Dr. Narayanan
Krishnamoorthy, MD**

Physician Benefits of FMA

Dr. Krishnamoorthy is a board-certified family medicine physician dedicated to providing compassionate, patient-centered care. With a passion for both science and humanism, he believes in building strong doctor- patient relationships based on trust, honesty, and open communication. He takes pride in helping patients of all ages make informed decisions about their health and has had the privilege of improving and even saving countless lives throughout his career. A graduate of Kottayam Medical College, Dr. Krishnamoorthy completed his residency at Tallahassee Memorial Family Medicine Residency Program.

Physician Benefits of FMA

Founded in 1874, the Florida Medical Association is a professional association dedicated to the service and assistance of Doctors of Medicine and Doctors of Osteopathic Medicine in Florida. The FMA represents more than 25,000 members on issues of legislation and regulatory affairs, medical economics and education, public health, and ethical and legal issues. We advocate for physicians and their patients to promote the public health, ensure the highest standards of medical practice, and to enhance the quality and availability of health care in the Sunshine State

1:15 PM - 2:00 PM

Physicians are invited!
